Introducing Typically Inspired...

We are an events company based just outside the Georgian riverside town Bewdley, surrounded by Worcestershire's beautiful countryside. We are specialising in weddings, corporate events and private functions. Our aim is to offer unique events that will give our customers and their guests that wow factor.

Our beautiful tipis can be set up in stunning rural locations, on our home site, in your back garden or anywhere else that you can think of. We can even go abroad with you.

Our offering ranges from straight forward rental of one or two tipis to the full organisation of your event.

Our inhouse catering team will provide freshly made and locally sourced food from simple hog roasts or buffets to multi course meals. Naturally, a bar service is available.

The sky is the limit at Typically Inspired. Our aim is to astound and impress.
